WHO WE ARE

A Purpose-Driven Consultancy Built for Impact

PHI Resilience Strategic Management Services is a Philippine-based consultancy designing and implementing solutions for CSR, sustainability, and organizational resilience. We partner with businesses, nonprofits, and local governments to address climate change, disaster risk, inequality, and community vulnerability.

We specialize in integrating risk-informed CSR, early action protocols, pre-arranged financing, and innovative technologies — ensuring communities are protected before disaster strikes. Our interdisciplinary expertise bridges corporate strategy and humanitarian impact.

OUR MISSION

To build resilient communities by designing and implementing sustainable, climate-adaptive, and inclusive development solutions in partnership with mission-aligned institutions.

OUR VISION

A resilient and inclusive Philippines where communities and institutions thrive through sustainable, strategic, and values-driven development — where every community leads with dignity and contributes to a resilient national future.

WHAT WE STAND FOR

Our Core Values

Integrity Honesty, transparency, and accountability in all activities — ensuring ethical governance and stakeholder trust.	Compassion People-centered, trauma-informed, and culturally sensitive approaches that honor dignity and human rights.
Resilience Localized, sustainable solutions that help communities adapt, recover, and thrive in all circumstances.	Innovation Creative strategies and emerging technologies advancing the green economy, digital inclusion, and ESG integration.
Collaboration Diverse stakeholders — communities, companies, donors, and government — co-creating shared value and partnerships.	Excellence Highest standards in CSR program design, delivery, and impact measurement — guided by the UN SDGs.

WHAT WE DO

Our Core Services

Six integrated service lines moving your organization from reactive charity to proactive, resilience-powered impact.

01 CSR Strategy & Program Design Tailored CSR roadmaps aligned with SDGs, ESG standards, and inclusive development priorities. We co-design programs that deliver measurable social returns.	02 Resilience & Risk Management Disaster preparedness, business continuity planning, and community-based risk reduction. Pre-positioned resources for rapid, targeted action when it matters most.

HOW WE WORK

From Reactive to Proactive

We build strategic, pre-positioned initiatives that allow organizations to respond faster, build community trust, and achieve greater outcomes — before disaster strikes.

01 Co-Design Develop strategies with stakeholders, ensuring local ownership from day one.	02 Empower Build the capacity of local leaders to sustain programs independently.	03 Integrate Embed ESG indicators and transparency mechanisms into every program.	04 Scale Document successful pilots and develop replication pathways across regions.

HOW WE COLLABORATE

Our 5-Point Partnership Model

1	Strategic Alignment with Partner Goals All collaborations are aligned with the mission and priorities of each partner — ESG compliance for corporations, SDG alignment for foundations, and co-creation with NGOs and academia.
2	Co-Design and Advisory Support A participatory approach to every stage of program development, including diagnostics, CSR roadmaps, resilience initiatives, and ESG reporting metrics.
3	Capacity Building for Local Partners Training barangay-level implementers, school leaders, and civic organizations — developing local champions who carry program momentum beyond the partnership.
4	Knowledge Sharing & Resource Leveraging Multi-sector learning exchanges, public-private dialogues, community impact labs, and shared funding models for co-financing climate and development projects.
5	Program Replication and Scaling Proven pilots packaged for easy replication. Partners benefit from co-branding, shared knowledge capital, implementation guides, and coaching for multi-site rollout.
